## Innovative concepts for Photovoltaics

**Insurance cover  
Photovoltaic plants**

**Inform yourself!**  
[www.wiass-pv.com](http://www.wiass-pv.com)

## The problem: High values – many risks

### Protect your pv plant against:

- Theft
- Fire
- Lightning
- Sabotage
- Vandalism
- Storm
- Hail
- Surge voltage
- Construction faults
- Material faults
- Erection faults

#### **But also:**

lack of feed-in in case of breakdown

## The solution: WIASS-PV-Policy

### During construction phase:

- Transport
- Erection
- Breakdown

### During operating phase:

- PV All Risks Cover
- Loss of earning
- Earnings guarantee

### From beginning

- Operator liability
- Environmental liability
- Environmental damage
